DECLARATION OF COMPLIANCE

REACH SVHC (EC 1907/2006)

In accordance with nVent's ESG commitments & article 33 of EC 1907/2006, we continuously strive to deliver products and services that reduce environmental & health & safety impacts when used for their intended purpose and in accordance with the performance conditions stated in our product documentation.

nVent declares to the best of our knowledge, based on supplier responses or our own ongoing due diligence, that our **Electrical Connections** (formerly known as Electrical & Fastening Solutions) products & packaging are manufactured in compliance with the REACH Regulation (EC 1907/2006). The presence of any substance specified in the REACH ECHA Substances of Very High Concern (SVHC) Candidate list (https://echa.europa.eu/c&idate-list-table) in nVent products is set out in the table below. The Electrical Connections brands that are in-scope for this declaration are **nVent CADDY, ERIFLEX, ERICO and LENTON**.

Because we know regulations, standards and available information continues to evolve, nVent closely monitors, investigates, communicates, and exercises ongoing due diligence within our supply chain to ensure we continue to meet our obligations under the REACH SVHC Regulation. In the event that nVent becomes aware of the presence of a substance on the SVHC list, whether through investigation, testing, or notification from a supplier, we will promptly notify appropriate authorities under the regulation & amend the attached table to reflect the same.

Regards,

Tom Hurney
Director, Enterprise Product Compliance & Approvals

Notes:

- **Audit Instructions**:
  - If the **part number**(s) you are inquiring about **<u>are not listed</u> in the last column (Comments) in the table below**, then that product **does not contain any substance of concern**; therefore, it is considered **non-declarable**.
  - If the **part number**(s) you are inquiring about **<u>are listed</u> in the last column (Comments) in the table below**, then that part **does contain substance(s) of concern**; therefore, it is considered **declarable.**
- This online **Rev C** declaration is **the latest revision we have available**. The above table will be updated and a newer revision will be created as new information warrants.
- If you have any further **questions** about this declaration, **please email Nichole.Knight@nVent.com**
