TreeLight Mount™

Great for creating a downlight effect in trees

- Mount most landscape lighting fixture brands to trees for a downlight effect
- Landscape lighting fixture attaches to a 1/2" NPT threaded female fitting
- Internal 5/16" hex head allows for fast installation with drill & nut driver bit
- 100% stainless steel with bronze powder coat finish
- 3.5" stand-off bolt accommodates for many years of tree growth
- Eco-friendly design will not damage trees
- Lasts as long as the LED light you are installing
- No yearly maintenance
- Mono (single point) installation makes the TreeLight less likely to infect a tree
- Pass through slot accommodates prewired fixtures
- 4" TreeLight Mount perfect for mounting to smaller diameter trees/limbs, decks, docks, pergulas, facias, soffits, etc.

SKU# 25110 7" TreeLight Mount – Bag of 1
SKU# 25114 4" TreeLight Mount – Bag of 1
