EU REACH Regulation 1907/2006 – Supplier Response Sheet – February, 2026

Articles

The articles supplied to you are fully compliant with the REACH Regulation's Annex XVII substance restrictions.

AutomationDirect.com suppliers are required to inform us if any articles they supply us contain Substances of Very High Concern (SVHC).

Automationdirect.com will provide safe use information to customers when articles are supplied that are known to contain SVHCs at >0.1% by weight of the article.

No SVHC information will be provided with articles when AutomationDirect.com has not been informed by its suppliers that SVHCs are present at >0.1%.

Chemicals

AutomationDirect.com does not supply chemicals to the EU so obligations applicable to substances such as registration, authorization and notification are not applicable and is not required.
