CONDITIONS OF SALE
DISTRIBUTORS AND OTHER COMMERCIAL CUSTOMERS

NOTE: ***The following Conditions of Sale are subject to change. All Sales Transactions are subject to the latest published Conditions of Sale of Lee Electric, Inc. and to any Special Conditions of Sale which may be contained in applicable Lee quotations and acknowledgments. Modified consumer product warranties are provided to consumers.***

1. **ACCEPTANCE, GOVERNING PROVISIONS, AND CANCELLATIONS.** No order for Lee equipment or services shall be binding upon Lee until accepted by a writing of an authorized official of Lee or by shipment or other performance of such order. Any such order shall be subject to these Conditions of Sale, and acceptance shall be expressly conditioned on assent to such Conditions, which assent shall be deemed given unless purchaser shall expressly notify Lee to the contrary prior to any shipment or other performance of an order by Lee and, in any event, within five (5) days after receipt of any acknowledgement or confirmation of such order.
   No order accepted by Lee may be altered or modified by purchaser unless agreed to in a writing signed by an authorized official of Lee; and no such order may be cancelled or terminated except upon payment of Lee's loss, damage and expense arising from such cancellation or termination.

   No modified or other conditions will be recognized by Lee unless specifically agreed to in writing and failure of Lee to object to provisions contained in any purchase order or other communication from a purchaser (including, without limitation, penalty clauses of any kind) shall not be construed as a waiver of these Conditions nor an acceptance of any such provisions.

   Unless otherwise agreed in writing by a duly authorized representative of Lee, pro-ducts sold hereunder are not intended for use in or in connection with a nuclear facility or activity. If so used, Lee disclaims all liability for any nuclear damage, injury or contamination, and purchaser shall indemnify Lee against any such liability, whether as a result of breach of contract, warranty, tort (including negligence) or otherwise.

   Any contract for sale and these Conditions shall be governed by and construed according to the laws of the State of New Jersey.

2. **QUOTATIONS AND PRICES.** Written quotations are conditioned upon acceptance by purchaser within thirty (30) days from date issued and shall be considered as offers by Lee to sell during such thirty (30) day period unless sooner terminated by notice. Other Lee publications are maintained as sources of general information and are not quotations or offers to sell.

   All prices are subject to change without notice. In the event of a net price change, the price of equipment on order but unshipped will be adjusted to the price in effect at the time of shipment. Downward adjustment of prices shall apply only to unshipped portions of outstanding orders.

   Except as may otherwise be stated in quotations, discount schedules, catalogs, or other Lee publications, orders amounting to less than $ 50.00 net will be billed at $ 50.00.

   All clerical errors are subject to correction.

3. **PAYMENT TERMS.** Terms of payment for Lee products to purchasers of satisfactory credit are either (1) 2% cash discount for payment by the 10th proximo and net invoice amount for payment by the 25th proximo or (2) net 30 days. Applicable terms of payment are stated in quotations or on the discount sheet for the product involved.

   Lee reserves the right at any time to demand full or partial payment before proceeding with a contract of sale if, in its judgement, the financial condition of purchaser shall not justify the terms of payment specified. If delivery is delayed or deferred by purchaser beyond the scheduled date, payment shall be due in full when Lee is prepared to ship and the equipment may be stored at the risk and expense of purchaser. If purchaser defaults when any payment is due, then the whole contract price shall become due and payable upon demand, or Lee, at its option, without prejudice to other lawful remedies, may defer delivery or cancel the contract for sale.

4. **TAXES AND OTHER CHARGES.** Any manufacturer's tax, retailer's occupation tax, use tax, sales tax, excise tax (except the Federal excise tax on vehicles), duty, custom, inspection or testing fee, or other tax, fee or charge of any nature whatsoever, imposed by any governmental authority, on or measured by any transaction between Lee and purchaser, shall be paid by purchaser in addition to the prices quoted or invoiced. In the event Lee shall be required to pay any such tax, fee or charges, purchaser shall reimburse Lee therefore; or, in lieu of such payment, purchaser shall provide Lee at the time the order is submitted with an exemption certificate or other document acceptable to the authority imposing the same. Purchase orders must state the existence and amount of any such tax, fee or charge which it shall be Lee's responsibility to collect from purchaser and pay.

5. **DELIVERY.** Delivery of equipment to a carrier at any Lee facility or other shipping point shall constitute delivery to purchaser; and, regardless of freight payment, title and all risk of loss or damage in transit shall pass to purchaser at that time.

   Great care is taken in packing Lee equipment. Lee cannot be held responsible for breakage after having received "in good order" receipts from the transportation company. All claims for loss and damage must be made by purchaser to the carrier.

   Claims for shortages or other errors must be made in writing to Lee within 15 days after receipt of shipment, and failure to give such notice shall constitute unqualified acceptance and a waiver of all such claims by purchaser.

   Except as may otherwise by stated in quotations, discount schedules, catalogs, or other Lee publications, freight will be allowed to the common carrier free delivery point nearest the destination on shipments within **THE UNITED STATES EXCLUDING ALASKA AND HAWAII**, except that such freight shall be prepaid but not allowed on shipments of Lee products having a net invoice price of less than Two Hundred Dollars ($200).

   No allowance will be made in lieu of transportation if purchaser accepts shipment at factory, warehouse, freight station, or otherwise supplies its own transportation.

   Method and route of shipment will be at the discretion of Lee unless purchaser shall specify otherwise, and any additional expense of the method or route of shipment specified by purchaser shall be borne by purchaser.

   Lee reserves the right to make delivery in installments, unless otherwise expressly stipulated in the contract for sale; and all such installments when separately invoiced shall be paid for when due per invoice, without regard to subsequent deliveries. Delay in delivery of any installment shall not relieve purchaser of its obligations to accept remaining deliveries. Lee shall not be liable for any damage as a result of any delay due to any cause beyond Lee's reasonable control, including, without limitation, an act of God; act of purchaser or Lee's supplier; embargo or other governmental act, regulation or request; fire; accident; strike; slowdown; war; riot; delay in transportation; and inability to obtain necessary labor, materials or manufacturing facilities. In the event of any such delay, the date of delivery shall be extended for a period equal to the time lost by reason of the delay.

6. **SUBSTITUTES.** Lee may furnish suitable substitutes for materials unobtainable because of priorities or regulations established by governmental authority or nonavailability of materials from suppliers, and assumes no liability for deviation from published dimensions and descriptive information not essential to proper performance of the product.

7. **WARRANTIES TO DISTRIBUTORS AND OTHER COMMERCIAL CUSTOMERS.** Lee warrants equipment manufactured by it to be free from defects in materials and workmanship for a period of one (1) year from date of shipment by Lee. If within such period any such equipment shall be proved to Lee's satisfaction to be so defective, such equipment shall be repaired or replaced at Lee's option. This warranty shall not apply (a) to equipment not manufactured by Lee, (b) to equipment which shall have ben repaired or altered by others than Lee so as, in its judgement, to affect the same adversely, or (c) to equipment which shall have been subjected to negligence, accident or damage by circumstances beyond Lee's control, or to improper operation, maintenance or storage, or to other than normal use or service. Lee shall in all respects conform and be limited to the warranty actually extended to Lee by its supplier. The foregoing warranties do not cover reimbursement for transportation, removal, installation, or other expenses which may be incurred in connection with repair or replacement.

   Except as may be expressly provided in an authorized writing by Lee, Lee shall not be subject to any other obligations or liabilities whatsoever with respect to equipment manufactured by Lee or services rendered by Lee.

   THE FOREGOING WARRANTIES ARE EXCLUSIVE AND IN LIEU OF ALL OTHER EXPRESS AND IMPLIED WARRANTIES EXCEPT WARRANTIES OF TITLE, IN-CLUDING BUT NOT LIMITED TO IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

8. **LIMITATION OF LIABILITY.** Anything to the contrary herein contained notwithstanding. **LEE ELECTRIC, INC., ITS CONTRACTORS AND SUPPLIERS OF ANY TIER, SHALL NOT BE LIABLE IN CONTRACT, IN TORT (INCLUDING NEGLIGENCE OR STRICT LIABILITY OR OTHERWISE FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES WHATSOEVER.** The remedies of the purchaser set forth herein are exclusive are so stated and the total cumulative liability of Lee, its contractors and suppliers of any tier, with respect to this contract or anything done in connection therewith, such as the use of any product covered by or furnished under the contract, whether in contract, in tort (including negligence or strict liability) or otherwise, shall not exceed the price of the product or part on which such liability is based.

9. **RETURN OF EQUIPMENT: No equipment may be returned without first obtaining Lee's written permission and a returned material identification tag.**

   Equipment accepted for credit, not involving a Lee error, shall be subject to a minimum service charge of $20.00 or 20% of the invoice price, whichever is greater, plus all transportation charges incurred by Lee.

   Returned equipment must be securely packed to reach Lee without damage, any cost incurred by Lee to put equipment in first class condition will be charged to purchaser.

10. **PATENTS.** As to equipment proposed and furnished by Lee, Lee shall defend any suit or proceeding brought against purchaser so far as based on a claim that said equipment constitutes an infringement of any patent of the United States, if notified promptly in writing and given authority, information, and assistance at Lee's expense for the defense of the same In event of a final award of costs and damages, Lee shall pay such award. In event the use of said equipment by purchaser is enjoined in such a suit, Lee shall, at its own expense, either (a) procure for purchaser the right to continue using said equipment, (b) modify said equipment to render it non-infringing, (c) replace said equipment with non-infringing equipment, or (d) refund the purchase price (less depreciation) and the transportation and installation costs of said equipment. Lee will not be responsible for any compromise or settlement made without its written consent.

    The foregoing states the entire liability of Lee for patent infringement, and in no event shall Lee be liable if the infringement charge is based on the use of Lee equipment for a purpose of other than that for which sold by Lee. As to any equipment furnished by Lee to purchaser and manufactured in accordance with designs proposed by purchaser, purchaser shall indemnify Lee against any award made against Lee for patent, trademark, or copyright infringements.

11. **PATTERNS AND TOOLS.** Notice will be given if special patterns or tools are required to complete any order. Charges for such patterns or tools do not convey title thereto or the right to remove them from Lee's plant. If patterns or tools are not used for a period of two years, Lee shall have the right to scrap them without notice.

BLISTER CARDED PUSH BUTTONS

**These BC (Blister Carded) items are also available boxed at same price. Omit BC when ordering.*
