ROCKHARD

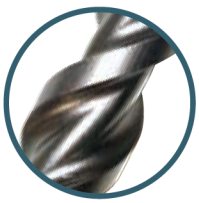

Faster Drilling from Chisel Shaped Head and new aggressive Carbide Tip which features:

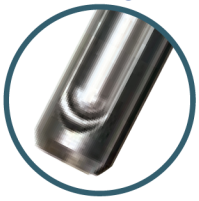

- Self centering for precise starts.
- 150 degree angle for optimum elasticity and wear resistance resulting in longer life.
- Made in Germany
- Made to ANSI Specs

Longer Life from:

- Bronze alloy brazing of the carbide tip.
- High quality shot-peened steel strengthened to relieve tension and bit breakage.
- New wide fluting design flows the dust out of the hole faster thus reducing friction and adding life to the w cutting.

Square Flute Compression / Depression design provides better dust removal thus faster drilling.
