Automatic Wire Stripper/Cutter

Klein Tools Automatic Wire Stripper grips and strips insulation with one squeeze for fast, convenient one-handed operation. Precision-machined stripping holes remove up to 1-Inch of insulation from 8–20 AWG solid and 10–22 AWG stranded wire without damaging the conductor. The integrated wire cutter cuts up to 8 AWG solid wire. A durable cast alloy chassis, self-opening spring, and ergonomic dual-material grips provide reliable performance and all-day comfort.
