POWER PAD

MADE IN USA

Customer Warranty

The Power Pad Guarantee

We are proud to inform you that our Power Pad generator pads are manufactured to rigorous quality specifications and are guaranteed to be high quality expanded polypropylene (EPP) material at a density of 80 grams per liter (g/l) density. The manufacturer guarantees its Power Pad generator pads against manufacturing defects for 5 years from the date of purchase as long as you own your home.

This warranty is transferrable. The guarantee does not apply to splitting, chipping or other breakage of the Power Pad generator pads that could be caused by impact, abrasion or overloading, or Power Pad generator pads damaged by any cause other than failure of the Power Pad generator Pads to meet their warranty.

This warranty is valid only if the Power Pad generator pads and application materials are installed according to Power Pad installation guidelines. This warranty applies to installations performed by residential and commercial contractors specifically for residential stand-by generator applications only and does not imply a warranty for commercial applications.

The manufacturer makes no further warranty, expressed or implied. The manufacturer's obligation is limited to supplying new Power Pad generator pads at no charge. The manufacturer will not be responsible for any replacement labor. The manufacturer will honor this warranty with the original proof of purchase.
