NOTES:

1. For any product not listed above, contact MaxLite for warranty information.
2. Any products marked as Clearance shall carry the lesser of a 5 Year warranty, or the warranty period stated on the product data sheet.
3. All 10 Year warranties are based on a maximum 16 hrs/day operation, and ambient temperature of -29°F to 104°F (outdoor) and -4°F to 77°F (indoor), and include up to a $25 labor allowance per item (registration for labor allowance required). If ambient temperatures fall outside the -4°F to 77°F range, product is warrantied for 5 years according to the operating temperature range specified on the PDS.
4. Extended warranty coverage may be purchased for products with a 5-year warranty, or for a higher labor allowance on products with a 10-year warranty. Standard warranty terms and conditions apply. Contact your MaxLite representative for product eligibility and pricing. Minimum purchase and site registration required.
5. Warranty start date is the earlier of the actual installation date, or 90 after the original purchase (whichever comes first).
6. It is not a requirement to register the warranty to receive product replacement warranty coverage; however, you must register the warranty if you want to be eligible to receive the labor allowance associated with the 10 Year Warranty.
7. Accessories and emergency battery backup excluded. Motion sensor and Photocontrol components follow supplier's warranty.
8. Warranty claim and registration forms, and complete Standard Product Warranty Coverage Terms and Conditions, are available at: www.maxlite.com/warranties
